What Our Customers Say

“Great appointment. My ears were microsuctioned so quickly, with no discomfort at all. I also got to see before and after photos which of course was the best bit! This is my second time with AudioCare, and will definitely be back.”

Katie | Google Review

“Delighted with my new hearing aids. Excellent service from Gail, Lisa and all the team. Practice is modern, clean and equipped with the latest technology, . Excellent aftercare service too. I would thoroughly recommend - thank you again.”

Ann | Google Review

“The whole experience was flawless from start to finish. I was getting microsuction on both ears and Michael explained everything. Felt completely at ease and totally painless. Would definitely recommend.”
